The service bargaining committee after four caucuses is prepared to present a package of non-economic proposals to the Employer at their first session on August 3, 2009. Bargaining sessions are scheduled on Mondays through August and September.

The RN contract expires on August 31, 2009 and the bargaining committee has had three sessions with the employer and have exchanged non-economic proposals. Tentative agreement was reached on 29 proposals which most were current contract language. Bargaining sessions are scheduled on Wednesday through August

Both committees believe these negotiations will be difficult.

Let's send a message of Unity to the Employer.

On August 3rd Service and RN bargaining committees are asking everyone to wear the red CWA name tag pulleys.

Your bargaining committee members and chief stewards will distribute the pulleys beginning at 7:00 am on August 3rd.

“WEAR THEM WITH PRIDE”

The more visible you are, the more protected you are and the better contract you will get.

Enclosed is a list of your chief stewards.

Remember – In Unity there is Strength
