BGMC Bargaining Unit Members

It has been brought to our attention that on Tuesday, February 6, 2018 from approximately 6:00 am to 7:45 am an incident occurred involving a malfunctioning entry gate into the MIGO parking ramp. Members called our office and also discussed the issue at our steward's meeting.

Currently we are filing a Master Grievance with an information request for any of our members who had to use their PTO in order to compensate for any loss of time on February 6, 2018 due to the MIGO entry gate malfunction.

Anyone that received a counseling or a discipline due to their tardiness on this date should not have the incident counted towards tardiness.

Please contact Ron Hosinski, CWA Local 1168, Area Vice President @ 716-639-1168 so that you may be included in the grievance settlement.
