KALEIDA HEALTH INSURANCE

To All Kaleida Employees and their Family Members that are covered by the Kaleida Insurance:

It has been brought to our attention that ever since the Family First discount was removed our members have been receiving bills from Kaleida's billing office that are not correct.

Any Kaleida employee and their family members that are on their Kaleida insurance card are still entitled to the Family First discount.

Please make sure that you are reviewing all bills that you receive from Kaleida Health to verify that your payment due is correct.
